GRANULE GARDEN VARIETY FERTILISER

25 KG

ACTIVE INGREDIENTS

Element	g/kg
Nitrogen (N)	130
Phosphorus (P)	70
Potassium (K)	100

GENERAL INFORMATION

JOU MA SE TUIN™ was formulated to support plant growth.

DIRECTIONS TO USE

- A long-term benefit of JOU MA SE TUIN™ fertiliser is that plants grow uniformly throughout the growing season
- When applying, it is best to do so in the morning or late in the day when plant leaves are most receptive
- Use only as directed
- For use on nursery trees, flower and vegetable beds and flower pots

WARNING

Avoid contact with eyes. Keep out of reach of children. Do not swallow. If swallowed seek medical advice. The spray from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin. Users are encouraged to seek further advice. Water quality can affect this product's performance. Water quality and pH testing needs to be conducted to ensure optimal product performance.

CONDITIONS OF SALE

Although this product has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal climatic conditions as well as method, time and accuracy of application. Every care is taken during the manufacturing of this product. However, as environmental conditions can vary considerably, the manufacturer, importer and/or its agents do not accept any responsibility for any injury, damage, loss, and/or any other detrimental effects or consequences following the misuse of this product.
